GOVERNMENT 5-STAR SAFETY RATINGS

|                                                                                                                                                                          |                      |           |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|-----------|
| Overall Vehicle Score                                                                                                                                                    |                      | Not Rated |
| Based on the combined ratings of frontal, side and rollover. Should ONLY be compared to other vehicles of similar size and weight.                                       |                      |           |
| Frontal Crash                                                                                                                                                            | Driver Passenger     | Not Rated |
| Based on the risk of injury in a frontal impact. Should ONLY be compared to other vehicles of similar size and weight.                                                   |                      |           |
| Side Crash                                                                                                                                                               | Front Seat Rear Seat | Not Rated |
| Based on the risk of injury in a side impact.                                                                                                                            |                      |           |
| Rollover                                                                                                                                                                 |                      | ★★★★      |
| Based on the risk of rollover in a single-vehicle crash.                                                                                                                 |                      |           |
| Star ratings range from 1 to 5 stars (★★★★★) with 5 being the highest. Source: National Highway Traffic Safety Administration (NHTSA) www.safercar.gov or 1-888-327-4236 |                      |           |

Fuel Economy and Environment

Electric Vehicle

Fuel Economy

Small SUVs cars range from 14 to 138 MPG. The best vehicle rates 146 MPGe.

You save \$ 4,750 in fuel costs over 5 years compared to the average new vehicle.

Annual fuel cost \$750

Fuel Economy & Greenhouse Gas Rating (tailpipe only)

This vehicle emits 0 grams CO2 per mile. The best emits 0 grams per mile (tailpipe only). Does not include emissions from generating electricity; learn more at fueleconomy.gov.

Smog Rating (tailpipe only)

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 29 MPG and costs \$8,500 to fuel over 5 years. Cost estimates are based on 15,000 miles per year at \$0.17 per kW-hr. MPGe is miles per gasoline gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.
